PRIMARY CARE PROVIDER (PCP)

CHOOSING A PRIMARY CARE PROVIDER

A primary care provider (PCP) is your own doctor or health care clinic. Your PCP will take care of your medical needs and act as your main health care provider. If a specialist or tests are needed, your PCP will ask for them for you using a referral and tell you how to make an appointment. If you need to be admitted to the hospital, your PCP will also arrange your care.

WELCOME TO MEDICARE PREVENTIVE VISIT

Your plan covers a one-time “Welcome to Medicare” preventive visit. The visit includes a review of your health, as well as education and counseling about the preventive services you need (including certain screenings and vaccinations), and referrals for other care if needed.

ANNUAL PREVENTIVE VISIT

After you've been a Member of the plan for longer than 12 months, you can get an annual wellness visit once a year to develop or update a personalized prevention plan based on your current health and risk factors. This is covered once every 12 months.

Remember, your PCP is the most important person on your health care team!

Our Medicare Advantage HMO network includes doctors and hospitals in every community we serve. You can choose a PCP from our Provider Directory at [CommunityFirstMedicare.com](https://www.communityfirstmedicare.com). You can also call Member Services at 1-833-434-2347 if you need help.

If you do not choose a PCP, one will be selected for you.

WHEN TO SEE YOUR PRIMARY CARE PROVIDER

Your PCP is your best resource for health advice. You should see your PCP regularly, even if you have no health concerns. They can recommend certain screenings depending on health factors and provide needed preventive care.

For routine care, you should always go to your primary care provider. If you go to another doctor who is not your primary care provider, you might be asked to sign a form that says you will pay the bill.

MAKING AN APPOINTMENT

Call your PCP's office to make an appointment. You can find their number on your Community First Member ID card. Tell your PCP's office you are a Community First Medicare Advantage Alamo Plan Member and have your Member ID card with you when you call.

What do I need to bring with me to my appointment?

- Your Community First Member ID card
- Information about your health history
- A list of all medications you are currently taking
- Any known health risks
- Community First Health Plan's checkup checklist (see below) or a list of questions you have for your doctor

We care about your health. Preventive care services like regular health checkups with your PCP are essential to helping create better health outcomes. They also help your doctor get to know you so they can help plan for future health care needs.

COMMUNITY FIRST CHECKUP CHECKLIST

What To Ask At Your Health Checkup

5 questions to ask your Primary Care Provider (PCP)

Here are a few important questions you might want to ask your primary care provider at your next health checkup. Print and take this list with you to your appointment or pull it up on your phone while you are waiting to be seen.

- 1 This is how I'm feeling. Do these symptoms seem normal to you?** Tell your primary care provider exactly how you're feeling. Be honest. Ask if what you're feeling is normal.
- 2 What screening tests do I need?** Ask your primary care provider if they recommend certain screenings depending on your age, gender, and family history.
- 3 Am I at a healthy weight?** If you want to lose weight, ask for help creating a diet and exercise plan.
- 4 Are there better treatment options available for my condition?** If you're not happy with your current medication or treatment, ask for other options.
- 5 What should I do before my next visit?** Ask when you should be seen next and what you can work on between appointments.

CHANGING YOUR PRIMARY CARE PROVIDER

A Member Services Representative can help you choose a new primary care provider. Call Member Services toll-free at 1-833-434-2347. You can also submit a request to change your PCP through our secure [Member Portal](#) or write to us at:

TYPES OF MEDICAL CARE

ROUTINE MEDICAL CARE

Routine medical care is the regular care you get from your PCP to help keep you healthy, such as regular checkups. You can call your PCP to make an appointment for routine medical care. Routine medical care includes:

- Regular checkups
- Treatment when you are sick
- Follow-up care when you have medical tests
- Prescriptions

Contact your PCP to make an appointment for routine medical care including regular health checkups.

URGENT MEDICAL CARE

Another type of medical care is urgent care. There are some injuries and illnesses that are probably not emergencies but can turn into emergencies if they are not treated within 24 hours. Some examples are:

- Minor injuries, burns, or cuts
- Minor breathing issues
- Sore throat or stomach pain
- Muscle sprains and strains

For urgent medical care, you should call your doctor's office, even on nights and weekends. Your doctor will tell you what to do.

In some cases, your doctor may tell you to go to an urgent care clinic. If your doctor tells you to go to an urgent care clinic, you don't need to call the clinic before going. You need to go to a clinic that takes Community First Medicare Advantage Alamo Plan.

Community First also offers same-day, in-home urgent care services through our partner, DispatchHealth. In-home urgent care is same-day medical care for adults and children provided in the comfort of your own home. DispatchHealth arrives fully equipped to test and treat everything an urgent care center can.

Make an appointment online at Request.DispatchHealth.com, download the mobile app, or call 210-245-7120.

EMERGENCY MEDICAL CARE

Emergency medical care is provided for emergency medical conditions and emergency behavioral health conditions, including:

- Chest pain or pressure that may move out to the arm, neck, back, shoulder, jaw, or wrist
- Severe stomach pain that comes on suddenly
- A sudden decrease in or loss of consciousness
- Severe shortness of breath

For emergency medical care, you should:

- Go to the nearest emergency room.
- Call 911 if you need help getting to the hospital.
- Call your PCP as soon as possible after your emergency care.
- Your PCP will give you follow-up care.

POST-STABILIZATION

Post-stabilization care services are services covered by Medicare that keep your condition stable following emergency medical care.

EMERGENCY DENTAL CARE

During normal business hours, call your dentist to find out how to get emergency services. If you need emergency dental services after the dentist's office has closed, call us toll-free at 1-833-434-2347 or call 911.

SPECIALISTS AND REFERRALS

Community First covers limited emergency dental services in a hospital or ambulatory surgical center, including payment for the following:

- Treatment for dislocated jaw.
- Treatment for traumatic damage to teeth and supporting structures.
- Removal of cysts.
- Treatment of oral abscess of tooth or gum origin.
- Treatment and devices for craniofacial anomalies.
- Hospital, physician, and related medical services such as prescription medications for any of the above conditions.

SPECIALISTS AND REFERRALS

SPECIALIST

A specialist is a doctor who provides health care for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

- Oncologists care for patients with cancer.
- Cardiologists care for patients with heart problems.
- Orthopedists care for patients with bone, joint, or muscle problems.

Your primary care provider (PCP) will send you to see a specialist if you need more care or different services.

REFERRAL

A referral is a written order from your PCP to see a specialist or get certain medical services. Your PCP can help you make an appointment. If you need more help, call Member Services.

Not all services require a referral, including:*

- Emergency services
- Urgently needed care
- Kidney dialysis services
- Flu and COVID-19 vaccinations
- Routine women's health care and family planning services
- Diabetic supplies and therapeutic shoes or inserts
- Chiropractic services
- Visits to an in-network specialist
- Mental health and psychiatric services
- Podiatry services
- Opioid treatment program services
- Outpatient substance use services
- Outpatient blood services
- Your annual health examination

- Covered supplemental benefits such as our health and fitness programs
- Covered Medicare preventive and education services

**For more information about these services and how to get them, please contact Member Services at 1-833-434-2347.*

CARE AWAY FROM HOME

Our plan covers emergency and urgent care services anywhere in the United States and its territories.

Call Member Services or our 24-hour Nurse Advice Line at 1-833-434-2347 for help deciding where to get care and for details on your coverage.

PAYING FOR YOUR CARE

PREMIUM

There is no premium for the Medicare Advantage Alamo Plan.

COPAYMENT AND COINSURANCE

A **copayment** or a “copay” is the fixed amount you pay each time you receive certain medical services. You pay a copay at the time you get the medical service.

Coinsurance is the percentage you pay of the total cost of certain medical services. You pay a coinsurance at the time you get the medical service.

OUT-OF-POCKET LIMITS

Because you are enrolled in a Medicare Advantage Plan, there is a limit to how much you have to pay out-of-pocket each year for covered Part A and Part B medical services that are covered by our plan. This limit is called the maximum out-of-pocket amount for medical services.

As a Member of a Community First Medicare Advantage Alamo Plan, the most you will have to pay out-of-pocket for in-network covered services is **\$3,500**.

- The amounts you pay for copayments and coinsurance for in-network covered services count toward this maximum out-of-pocket amount.
- The amounts you pay for your Part D prescription drugs do not count toward your maximum out-of-pocket amount.
- If you reach the maximum out-of-pocket amount of **\$3,500**, you will not have to pay any out-of-pocket costs for the rest of the year for in-network covered Part A and Part B services.

HEALTH CARE BENEFITS

PAYMENTS	IN-NETWORK
Monthly Plan Premium	There is no monthly premium for this plan.
Annual Deductible - Part C (Medical)	There is no health deductible for this plan.
Annual Deductible - Part D (Drugs)	There is a \$200 annual deductible for medications.
Maximum Out-of-Pocket Amount (does not include prescription drugs)	\$3,500 annually for Medicare-covered services you receive from in-network providers.

HEALTH CARE BENEFITS

You can review a list of your health care benefits in the **Benefits Chart** below. It's also a good idea to review your plan's Evidence of Coverage (EOC) for a more detailed look into your benefits. You can find a copy of your EOC at CommunityFirstMedicare.com or contact Member Services if you'd like a printed copy mailed to you.

The Benefits Chart tells you about the services Community First Medicare Advantage Alamo Plan covers, any restrictions or limits on those services, and how much you will pay for each covered service.

Your primary care provider will work with you to make sure you get the health care services you need. These services must be given by your PCP or referred by your PCP to another provider.

Some of the services listed in the Benefits Chart are covered only if your PCP or other network provider gets approval from us first. This is called prior authorization. Covered services that need prior authorization are marked in the Benefits Chart by an asterisk (*).

PRESCRIPTION DRUG TIERS

Every drug on the plan's Drug List is in one of five cost sharing tiers. A tier is a group of drugs of generally the same type (for example, brand name, generic, or over-the-counter medications). In general, the higher the cost sharing tier, the higher your cost for the medication.

Tier 1 is the lowest tier and Tier 5 is the highest tier.

- Tier 1: Preferred Generic Drugs. Includes lower-cost, commonly used generic drugs.
- Tier 2: Generic Drugs. Includes many generic drugs.
- Tier 3: Preferred Brand Drugs. Includes common brand name drugs, called preferred brands, and some higher-cost generic drugs.
- Tier 4: Non-Preferred Brand Drugs. Includes non-preferred generic and non-preferred brand name drugs.
- Tier 5: Specialty Drugs. Includes unique or very high-cost drugs.

To find out which cost sharing tier your medication is in, look for the drug in the plan's Drug List located at CommunityFirstMedicare.com.

OUT-OF-POCKET COSTS

There are different types of out-of-pocket costs you may pay for your prescription drugs. The amount that you pay for a drug is called "cost sharing" and there are three ways you may be asked to pay.

- The "**deductible**" is the amount you must pay for medications before our plan begins to pay its share.
- "**Copayment**" means that you pay a fixed amount each time you fill a prescription.
- "**Coinsurance**" means that you pay a percent of the total cost of the medication each time you fill a prescription.

VISION SERVICES

You can contact Member Services to find out how much your copay or coinsurance is for any covered medication.

DRUG PAYMENT STAGES

There are three drug payment stages for your Medicare Part D prescription drug coverage: Prescription Deductible, Initial Coverage, and Catastrophic Coverage under Community First Medicare Advantage Alamo Plan. How much you pay depends on which stage you are in when you get a prescription filled or refilled.

Please see your Evidence of Coverage (EOC) located at [CommunityFirstMedicare.com](https://www.CommunityFirstMedicare.com) to review further details of your plan's drug tiers and drug payment stages.

ENROLLMENT

INITIAL ENROLLMENT PERIOD

The Initial Enrollment Period is your first chance to sign up for Medicare. Once you become eligible, you have these seven months to enroll:

- 3 months before the month you turn 65
- The month you turn 65
- 3 months after the month you turn 65

ANNUAL ENROLLMENT PERIOD (OPEN ENROLLMENT)

The Annual Enrollment Period (also known as “Open Enrollment”) lasts from October 15 through December 7 and is for anyone with Original Medicare wanting to join a Medicare Advantage plan, or anyone with a Medicare Advantage plan wanting to make changes.

If you choose a new plan during this period, your membership in Community First Medicare Advantage Alamo Plan will end on December 31 and your membership in the new plan will start on January 1.

During Open Enrollment, you can:

- Choose to keep your current coverage or make changes to your coverage for the upcoming year. If you decide to change to a new plan, you can choose any of the following types of plans:
 - Another Medicare health plan. (You can choose a plan that covers prescription drugs or one that does not cover prescription drugs.)
 - Original Medicare with a separate Medicare prescription drug plan.
 - Original Medicare without a separate Medicare prescription drug plan.

MEDICARE ADVANTAGE OPEN ENROLLMENT

The Medicare Advantage Open Enrollment Period is for people who already have a Medicare Advantage Plan and want to enroll in a different Medicare Advantage Plan or go back to Original Medicare.

Medicare Advantage Open Enrollment is January 1 through March 31. Any Medicare Advantage changes to coverage selected during this period will go into effect on the first day of the month after the plan gets your request.

RENEWING YOUR PLAN

Your plan will renew automatically each year. Community First Health Plans will send you a “Plan Annual Notice of Change” (ANOC) each fall. The ANOC includes any changes in coverage, costs, and more that will be effective the following January. It’s important to review any changes to your plan to make sure the plan still meets your needs.

ENDING YOUR MEMBERSHIP

Usually, to end your membership in our plan, you simply enroll in another Medicare plan during one of the enrollment periods. However, if you want to switch from our plan to Original Medicare without a Medicare prescription drug plan, you must ask to be disenrolled from our plan. There are two ways you can ask to leave the plan:

- You can ask by writing to us. (Contact Member Services if you need more information on how to do this), or
- You can contact Medicare at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

These are the cases when Community First Medicare Advantage Alamo Plan must end your membership in our plan:

- If there is a break in your Medicare Part A and Part B coverage.
- If you are required to pay the extra Part D amount because of your income and you do not pay it.
- If you move out of our service area.
- If you are away from our service area for more than six months.
- If you go to jail or prison for a criminal offense.
